

Freedom of Information request & West Norfolk CCG response

WN-2015-00112 – CCG Members Email

If possible, could I have the direct email address for a member of the Governing body who may wish to discuss in further detail how we could provide up to date training for NHS staff members within the Clinical Commissioning Group?

If you wish to get into contact with anyone within the CCG, please email contact.wnccg@nhs.net, this will then be forwarded onto the appropriate individual/s for a response
