

Freedom of Information request & West Norfolk CCG response

WN-2015-00167 – Telemedicine, Telehealth and Telecare initial pilots commissioned by your CCG, between 2010-2014

Telemedicine, Telehealth and Telecare initial pilots commissioned by your CCG, between 2010-2014.

For each item on the list, I would be very grateful if you could include:

- **The amount spent on the initial trial**
- **The type of technology that was used**
- **The supplier of the technology**
- **Whether the pilot was deemed a success**
- **Whether the technology was subsequently used in a wider rollout than the pilot**
- **If the pilot led to a wider roll out, what was the cost of this rollout**

NHS West Norfolk CCG only came into existence from 1 April 2013, information prior to this date is not held. The CCG does not directly commission Telehealth or Telecare services. However, Providers are contracted to deliver these services. Telecare services for Norfolk is the responsibility of the Local Authority.
