

Freedom of Information request & West Norfolk CCG response

WN-2015-00237 – Optical Contracts

We believe that the CCG has either itself commissioned or has inherited from the previous primary care trust, contracts with local optical practices (opticians) for the following community eye health services:

- cataract post op
- glaucoma repeat readings
- OHT monitoring

Under the Freedom of Information Act 2000 we kindly request the following information:

- Confirmation that these services are in place
- Service activity data presented as the number of patients to have accessed each service in the year 1st April 2014 - 31st March 2015
- The number of optical practices contracted to provide each service
- The CCG's financial expenditure on each service in the year 1st April 2014 - 31st March 2015

NHS West Norfolk CCG have no contracts in place directly with optical services (opticians).
