

Freedom of Information request & West Norfolk CCG response

WN-2016-00005 – Review dates for drugs within the Norfolk Formulary

I'm getting in touch today to enquire when the next review dates are for the following classes of drugs within the [Norfolk Formulary](#)? To make clear, I do not need previous review dates for these classes of drugs.

- SGLT-inhibitors
- DPP4-inhibitors
- GLP-1 agonists

These drugs are due for review in August 2016
