

Freedom of Information request & West Norfolk CCG response

WN-2016-00020 - Recycled Equipment for Disabled & Terminally Ill Children

Under the FOI Act, would you please provide information to us, for the period 1st April 2014 to 31st March 2015, applying only to disabled and terminally ill children, the following:

- **The value (new purchase price) of the recycled community disability equipment* your organisation** supplied to disabled children in your area**

The information requested is not held by the CCG.

The CCG are able to provide an estimate of relevant expenditure to children however, this figure would not specifically distinguish the items as asterisked in your request. This figure would also not strictly apply to disabled and terminally ill children.

- **The number of recycled items supplied to disabled children in your area**

There is no distinction between the use of recycled equipment and new equipment in the data held; all equipment is recycled where possible.

Please do not include any costs associated with cleaning, refurbishment, delivery or commissioning of the equipment.

***The term community equipment includes such items as wheelchairs, buggies, specialist beds, standing frames, hoists and specialist seating. We do not include structural adaptations, consumables such as nasal gastric tubing and incontinence supplies, IT equipment or surgical aids.**

****We require information from each organisation separately; if you are unable to achieve this or would like to provide joint spending figures (with another local statutory body) please state so clearly in your response.**
