

## Freedom of Information request & West Norfolk CCG response

### WN-2016-00208 – Prescription Ordering Direct

**I am enquiring how your CCG is handling prescription requests with respect to, are you going to be moving to the Prescription Ordering Direct (P.O.D) system or are you going to let the pharmacy's order direct to the doctors on behalf of the patients**

*The information requested is not held. NHS West Norfolk CCG does not get involved in ordering prescriptions. This would be between practices and community pharmacists.*
