

Freedom of Information request & West Norfolk CCG response

WN-2016-00266 – Electronic Palliative Care Co-Ordination System

- **In your CCG cluster, is there an EPaCCS in place? For how long?**

The CCG do not have an Electronic Palliative Care Co-ordination System

- **Can you describe how does it work?**

Please see the response above.

- **What is the coverage -among primary care, secondary care, hospices and community services-?**

Please see the response above.

- **and in particular have interoperability issues (different organisations use distinct software) been addressed? and how?**

Please see the response above. The CCG do not have any interoperability issues.
