

## Freedom of Information request & West Norfolk CCG response

### WN-2017-00016 – CCG Financial Plan for 2017/18

1. At the time of responding to this request, has the CCG's financial plan for 2017/18 and 2018/19 been agreed by NHS England?

Yes

2. In the CCG's financial plan for 2017/18, or latest draft of this plan if this has not been finalised by NHS England at the time of responding to this request, has the Mental Health Investment Standard (formerly Parity of Esteem) been achieved?

Yes

3. If the Mental Health Investment Standard (formerly Parity of Esteem) has not been achieved for 2017/18, please indicate the reason using the codes below:  
1 - Commissioners in deficit, not achieving 1% plan metric or with very low growth.  
2 - Mental Health Investment Standard (Parity of Esteem) achieved across health economy.  
3 - Historically high investment in mental health.  
4 - Other.

N/a

4. If answering 'Other', please provide further explanation as to why the Mental Health Investment Standard (Parity of Esteem) has not been achieved for 2017/18.

N/a

5. In the CCG's financial plan for 2018/19, or latest draft of this plan if this has not been finalised by NHS England at the time of responding to this request, has the Mental Health Investment Standard (formerly Parity of Esteem) been achieved?

Yes

6. If the Mental Health Investment Standard (formerly Parity of Esteem) has not been achieved for 2018/19, please indicate the reason using the codes below:
- 1 - Commissioners in deficit, not achieving 1% plan metric or with very low growth.
  - 2 - Mental Health Investment Standard (Parity of Esteem) achieved across health economy.
  - 3 - Historically high investment in mental health,
  - 4 - Other.

*N/a*

7. If answering 'Other', please provide further explanation as to why the Mental Health Investment Standard (Parity of Esteem) has not been achieved for 2018/19.

*N/a*

8. At the time of responding to this request, has the Chief Executive of your main mental health provider signed a letter stating that the CCG's mental health planned spend for 2017/18 and 2018/19 is an accurate reflection of health economy investment in mental health, as requested by NHS England?

Yes
