

Freedom of Information request & West Norfolk CCG response

WN-2017-00040 – Melatonin Prescription Costs

I'm emailing to request under the Freedom of Information act to be informed of the cost of melatonin prescriptions for children in your area for the last year.

The information requested is not held by the CCG.

The CCG are able to advise on the total spend on Melatonin for NHS North Norfolk, NHS South Norfolk, NHS West Norfolk and NHS Norwich CCGs for financial year 2016-17 as follows:

BNF Name	Total Cost
Melatonin	£445,448.78

However please note the CCG cannot establish from this data whether the melatonin was prescribed for children or adults.

Furthermore, some melatonin may also have been supplied directly by children's services in Norfolk Community Health and Care trust. The CCG do not have access to that data, it is advised you contact [Norfolk Community Health and Care NHS Trust](#) directly for this information.
